THE IDEA

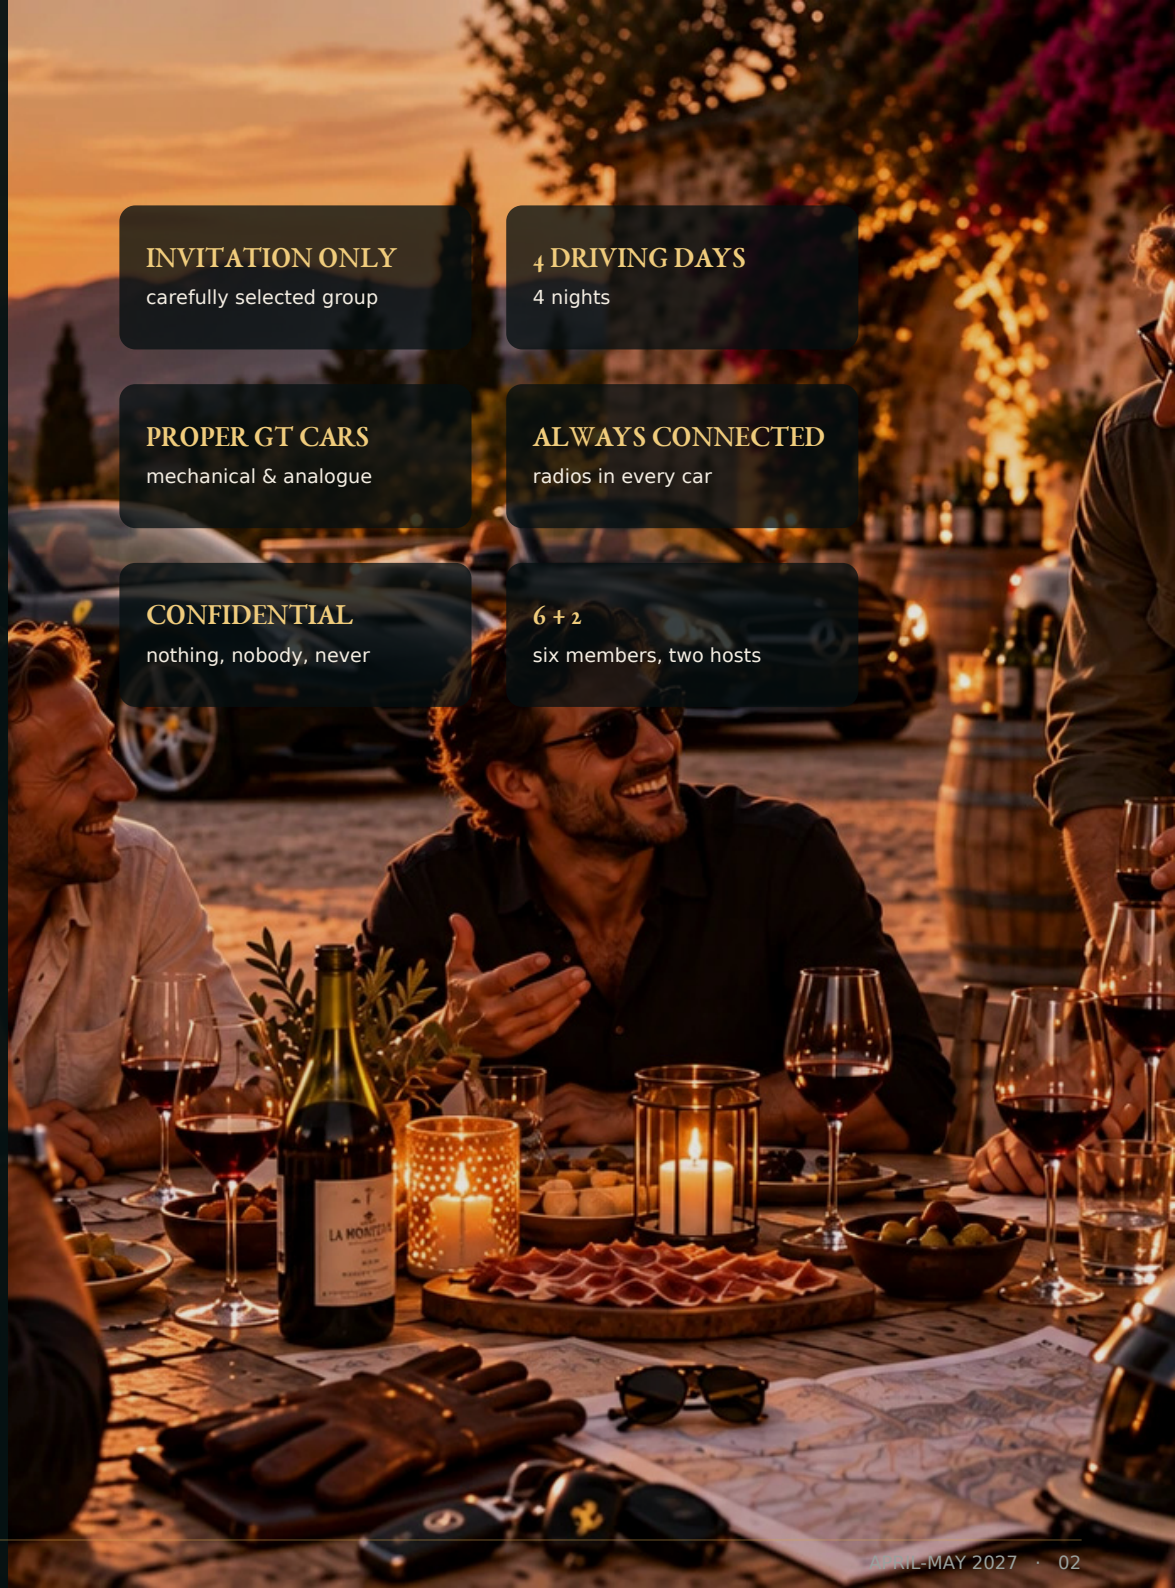

MORE THAN A DRIVE

Running a company can be a strangely lonely job. The bigger the decisions get, the fewer people around you really understand the weight behind them. Here, you don’t have to explain the context.

Four days in Andalucía with founders, CEOs, investors and accomplished business leaders — driving properly, eating well, talking openly and leaving the usual noise behind.

No conference. No coaching. No agenda.

Four days away from the noise,
with enough driving to properly switch off.

FOUR DAYS ON THE ROAD

Mountains. White villages. Olive country. The coast.

THE ROUTE

DAYS 1–2

Arrival loop. Then the roads we came for.

DAY 1 · ARRIVAL LOOP

140 KM

Costa del Sol / Marbella → Sierra de las Nieves → Marbella

via Istán / Embalse de la Concepción

First mountain kilometres, a scenic loop through the Sierra and back to Marbella.

DAY 2 · MOUNTAIN STAGE

185 KM

Costa del Sol / Marbella → Ronda → Grazalema

Zahara de la Sierra → Setenil de las Bodegas → Ronda

The roads we came for: Ronda, white villages and the strongest mountain section of the trip.

THE ROUTE

DAYS 3–4

Valley to Atlantic. Then one final mountain run.

DAY 3 · VALLEY TO ATLANTIC

160 KM

Ronda → LA Almazara → Tarifa

Alpandeire → Faraján → Gaucín

Through the Valle del Genal and white villages, then down toward the Atlantic and Tarifa.

DAY 4 · FINAL RUN

155 KM

Tarifa → Casares

Castellar de la Frontera → Jimena de la Frontera → Gaucín

A final mountain run linking the coast, hill towns and one last proper road into Casares.

THE PRIVATE GT FLEET

FOUR CARS. FOUR CHARACTERS.

Vintage character. Mechanical soul.

These are not the newest cars. That is exactly the point. Naturally aspirated engines, hydraulic steering, real exhaust notes and cars that still ask something from the person behind the wheel.

Aston Martin DB9

A proper V12. Elegant, mechanical, gloriously unnecessary.

Ferrari California

Naturally aspirated V8, open roof, real sound, chilled vibe.

Audi R8 V10

Mid-engine racer! A naturally aspirated V10 right behind you.

Mercedes E-Class AMG

Backup car — AMG Line comfort, four seats and roof-down relief.

BEYOND THE DRIVE

SELECTED HIGHLIGHTS

A handful of places worth getting out of the cars for.

RONDA AFTER HOURS

The bridge, the gorge and a drink after most visitors have gone home.

LA ALMAZARA BY STARCK

Olive country, bold design and a proper stop in the hills.

PRIVATE CELLAR DINNER

Old barrels, good bottles and dinner in Andalusian wine country.

THE JEREZ EXPERIENCE

Mature Sherry, an old cellar and a properly old-school evening.
